CORPORATE SOCIAL RESPONSIBILITY

Every year Zucchetti allocates a percentage of its **turnover to initiatives of a social nature**: from the funding of university scholarships, to donations to non-profit organizations, health facilities, etc. The group has also created for Telethon the **first Payroll Giving system in Italy** that allows employees of companies that use Zucchetti payroll software to make a donation directly from their payslip. Many initiatives have also been implemented to protect the environment: from the construction of an eco-sustainable building (the Zucchetti Tower of Lodi) to the **“plastic free” campaign** in the offices, up to concrete awareness-raising projects to reduce waste and promote a more sustainable use of energy resources in the workplace.
