

ZAudit

INSPECTION MANAGEMENT APP

The mobile app for carrying out audits, verifications and inspections in any situation

The ZAudit app allows you to manage field inspections, detect anomalies and keep everything under control with up-to-date checklists.

MANAGEMENT OF FIELD CHECKS AND INSPECTIONS, EVEN OFFLINE

USE OF PRESET AND CUSTOMISABLE CHECKLISTS

COLLECTING EVIDENCE IN THE FIELD

CONSULTATION OF CURRENT LEGISLATION

STARTING AND MONITORING THE ANOMALIES REPORTING PROCESS

ZAudit

INSPECTION MANAGEMENT APP

01

CONSTANT MONITORING OF INSPECTIONS AND CHECKS

The ZAudit app allows you to always have to hand the list of inspections, checks and inspections to be carried out. In the Timeline you can also enter the checks to be performed, indicating the customer, the contractor or the company involved.

02

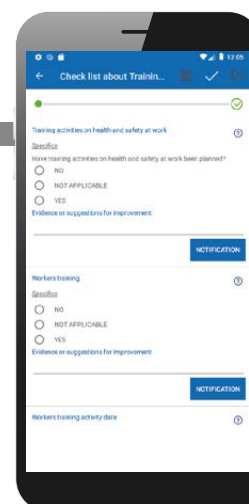

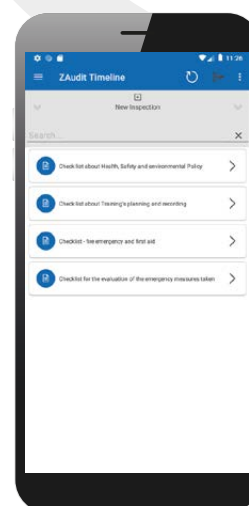

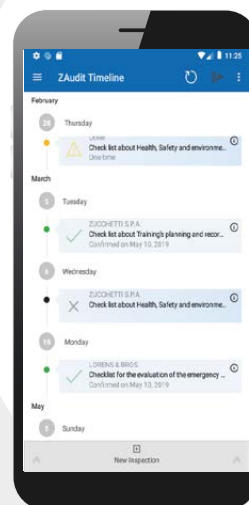

FAST AND EFFECTIVE FIELD INSPECTIONS

Thanks to the support of specific and customisable checklists, inspection is quick, punctual and simple. And during the collection of evidence you can consult the legislation in force and attach photos and videos. The app also works offline, so field tests can also be performed in factories, on construction sites and in all situations without an internet connection.

03

IMMEDIATE MANAGEMENT OF REPORTS

All recorded evidence can be sent at the click of a button to everyone involved to initiate the processes for reporting non-conformities.

The complete line of Apps
for all your business requirements!

A series of Business Apps to make managing every aspect of your business easier: shift planning, personnel clock-in/out, business trips and company carfleet management and much more, all thanks to the Infinity Zucchetti integrated platform for Human Capital Management.
